**GREEN JOINS REGULARS; NOW ARMY CAPTAIN****Commission Given in Recognition of Draft Service; Will Continue Work**

Maj. F. J. Green, National Guard of Hawaii, and officer in charge of the selective draft, has been named by the war department as a captain of infantry, National Army.

Cable advices from the war department received this morning announce the commission and assign the officer for duty with the governor of the territory in connection with the draft. Captain Green, National Army, is the new title that the officer will wear and the gold leaf on the shoulder of his uniform will be changed to two bars. Friends of the captain are congratulating him on the "demotion," however, as this action is regarded as national recognition of the services he has rendered in connection with registration and draft work. He reported this morning at army headquarters.

**LATIN-AMERICAN FIRMS THAT AID ENEMY EXPOSED**

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 5.—The war trade board today issued a "black list" of some 1600 firms in Latin-America, forbidding Americans to trade with them on account of their proved German sympathies. A second list was also issued of friendly firms, which carries the same aims, namely, that of benefiting American traders. Other lists will follow.

**THINKS RUSSIA WILL RIGHT SELF FINALLY**

(Associated Press by U. S. Naval Wireless.) LONDON, Eng., Dec. 5.—The Petrograd correspondent of the London Morning Post insists that the situation in Russia is historically unique. "Russia will right herself if allowed the necessary latitude by the puzzled Allies," he telegraphs his paper. "She should put new armies in the field and fight the invaders. Meantime the situation is curious. Some force above and beyond the immediate contenders is putting spokes in the wheels of all."

**BALLENTYNE TO QUIT RAPID TRANSIT JAN. 1**

The resignation of C. G. Ballentyne as general manager of the Rapid Transit Company was accepted yesterday at a meeting of the directors. Mr. Ballentyne will sever his connection with the corporation the first of the year.

The question of a successor is still under consideration.

In honor of Private Enright, who was one of the three Americans killed in Europe, the street in Pittsburgh where he lived before going to war, will be named "Enright Street."

**Nuxated Iron to make New Age of Beautiful Women and Vigorous Iron Men**

Say Well-Known Physicians—Quickly Puts Roses Into the Cheeks of Women and Most Astonishing Youthful Power Into the Veins of Men—It Often Increases the Strength and Endurance of Delicate, Nervous "Run-down" Folks 200 Per Cent in Two Weeks' Time

A Wonderful Discovery Which Promises to Mark a New Era in Medical Science.

NEW YORK, N. Y.—Since the remarkable discovery of organic iron, Nuxated Iron or "Nuxated," as the French call it, has taken the country by storm. The real reason for this is that it is a conservative remedy, estimated that over five million persons daily are taking it in this country alone. Most astonishing results are reported from its use by both physicians and laymen. So much so that well-known doctors predict that we shall soon have a new age of far more beautiful, robust, and vigorous men and women.

Dr. King, a well-known New York physician and author, when interviewed on the subject, said: "There can be no vigorous iron in the blood without iron. Iron is the basis of all life. Anemia means iron deficiency. The skin of anemic men and women is pale. The flesh flabby. The muscles lack tone, the brain flags and the memory fails and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks. In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degerminated cornmeal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these unwholesome foods, and silly methods of home-cooking, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss."

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

Dr. Sauer, one of the most widely-known physicians in this country, who has studied abroad in great European medical institutions, says: "As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and the simple nuxated iron, I am convinced that

**T. K. K. WILLING TO ENTER ISLAND BUSINESS**

(Continued from page 1)

Mr. Halton said that the railroads were doing the best business in history, and believed that there would be a big tourist business if all boats would cater to Honolulu business.

Harry Stinson proposed that the shipping board make some changes, and owing to the lack of passenger accommodations he believed that the board could make a change which would be agreeable to Hawaii.

Emil Berndt said that there were plenty of tourists in California who wanted to come here, but would not because they could not be assured of passage back to home.

Miss Ellen Beach Yaw entertained the members of the Ad Club with two vocal solos.

H. E. Vernon proposed that a committee composed of Mr. Avery, Mr. Halton, Mr. Stinson and Emil Berndt, draw up an outline of the local situation and present the same to George B. McClellan who would be asked to discuss the transportation situation with the shipping board. This was passed by the members of the club.

Following the Ad Club luncheon a special committee met and decided to ask the Chamber of Commerce to call a special meeting for discussion of the shipping situation and outline its desires to be presented to the shipping board.

Mr. Avery presented Mr. McClellan with a letter of introduction to Mr. Pillsbury, San Francisco representative of the shipping board, and it is expected that Mr. McClellan will be able to work with the backing of the San Francisco businessmen.

**AERO OFFICER IS ORDERED TO S. F.**

Major Harold M. Clark, Signal Corps, aviation officer at department headquarters, has been ordered to San Francisco to become departmental aeronautical officer in the Western department.

Major Clark has been in Hawaii only a few weeks, having been sent here to relieve Major John B. Brooks, who has since left for mainland duty. The order summoning him back to the mainland comes, therefore, as quite a surprise. He is an enthusiastic flyer and it was expected that he would soon be in charge of practice flights with the 6th Aero Squadron of two seaplanes, for this organization are on their way here now.

**Hello, Central! Do You Want to Serve in France?**

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 5.—Announcement was made today that the United States signal corps desires 150 girl telephone operators for service in France. They will be given pay allowances and wear uniforms as army nurses now do.

**HUBER FOUR-MINUTE SPEAKER THIS P. M.**

District Attorney S. C. Huber will deliver four-minute addresses at the Bijou and Liberty theaters this evening on the topic "Food Conservation." These addresses are being delivered under the auspices of the Four Minute Men of Hawaii, of which Royal D. Mead is chairman. Chief Justice A. G. M. Robertson spoke last night and pointed out the duty of every American in striving to conserve the nation's food supply. Dr. W. C. Hobbs will speak tomorrow evening and Wallace R. Farrington on Friday evening.

Irrigation plans affect 3,000,000 acres of western grain lands are expected to increase next year's yield by 50 per cent.

**STANDARD BREAD LOAF FOR HAWAII**

(Continued from page 1)

Some bakers who do not distribute bread to the consumers, and naturally these bakers can sell their product at a lower price than those who do deliver, as the cost to them for distribution is very much less.

Regulations issued by the national administration describe methods of manufacturing bread, and this bread may be made only in loaves of a certain size. All that is needed in Hawaii, says the administrator, is the enforcement of these regulations.

"It may be," says Mr. Child, "that many local bakers are already complying with the regulations announced by the food administration. These regulations were made with a view to conserving the nation's food supply and at the same time allow the bakers to conform with the general formulas and practices, as well as the demands of the consumer, if possible."

He points out that in the United States the smaller loaf of bread, with its corresponding price, is more popular than the larger loaf, while in England and Europe the two-pound loaf is far more popular than the smaller one.

Mr. Child expects to begin work at once in the matter of securing a standardized loaf, and possibly a reduction in the price the public is now paying for bread.

"But before this is done the cost of flour and the cost of transporting it to Hawaii from the mainland will have to be taken into consideration," he says. "We must also take into consideration the cost of delivering the bread to the public. When all this has been ascertained the food administrator will then be in a position to fix a price at which bread, selling in standardized loaves, shall be sold."

**TAX RECEIPTS FOR 1917 TOTAL \$824,000**

Treasurer D. L. Conkling reports that the tax receipts for this year so far amount to \$824,157 against \$715,702 for 1916, with collections still coming in.

"This shows a gain of \$108,455 over last year now, and by the time all the receipts are in, which will be some time next month, I expect to see the total gain over last year close to \$115,000."

"Of course this doesn't mean net gain, for we've had to pay a great deal more for everything we've used this year than we paid last."

**TURNING INDUSTRIES OF AMERICA TO GREAT WORK OF WINNING WAR**

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 5.—George N. Peeke was today appointed industrial representative on the war industries board. His duties are in direct connection with the conversion of industries into war lines.

**RESERVE BOARD MAKES DISCOUNT RATE INCREASE**

(Associated Press by U. S. Naval Wireless.) WASHINGTON, D. C., Dec. 5.—The federal reserve board today announced a general increase of one-half per cent in the discount rate of most reserve banks. This is to discourage inflation and stabilize business.

**LONDON PAPERS LAUD WILSON WAR MESSAGE**

(Associated Press by U. S. Naval Wireless.) LONDON, Eng., Dec. 5.—Commenting on President Wilson's message, the London Post, Graphic and Times today commend the document, but without comment on its recommendations for war with Austria, though implying that this is the logical step for the United States.

Eight Chicago firemen were arrested as safe crackers. They obtained entrance into buildings on false pretenses.

**ARMY OFFICER IS FINED \$100; ADMITS DRINKING**

Lieut. Arnold Planske, U. S. reserve officer, was fined \$100 and costs in police court this morning for driving an automobile while under the influence of liquor. Lieut. Planske was arrested Saturday night by Captain of Police Fred Lauka at Heine's Tavern, while the army officer was attempting to leave the place in a machine. Lieut. Planske pleaded guilty before Judge Irwin this morning and was severely reprimanded by the court. Attorney C. H. McBride appeared for the defendant.

Lieut. Planske was arrested by Captain Lauka, and was taken to police headquarters, after scoffing at the idea of being placed under arrest, it is said. A captain of Lieut. Planske's regiment guaranteed the lieutenant's appearance Monday morning in court. The defendant failed to appear either Monday or Tuesday in time for court, so a bench warrant was issued yesterday and Lieut. Planske was brought to town by a police officer. Judge Irwin declared this morning that Lieut. Planske showed little respect for the uniform he wore, by being in such a condition to which he pleaded guilty.

**Commission of Pinkham Expires; Is Now Holdover**

Governor Pinkham's commission as chief executive of the territory of Hawaii has expired. For seven days the governor has been serving as a holdover.

This was the fact that came to light today when an expert locksmith opened up the big safe in the governor's office, and the commission signed four years ago by President Wilson was unrolled for examination. The governor had not been certain until this morning just when the commission ended. An erroneous report some days ago had it ending next Friday, December 7.

Some time ago the combination to the executive safe became lost, and as there was no contingent fund or other money in the vault to worry over the matter of again opening it was not hastened. Finally, however, a locksmith was called and this morning the commission was taken from the safe. It showed that the four year term for which the governor had been appointed ended officially on Thanksgiving Day.

**RODIEK AND SCHROEDER DENY PART IN PLOT**

zen and was long the consul for Germany, according to the custom of Germany in selecting suitable expatriates. When the war broke out in 1914 he was advised by counsel that it was not inconsistent to act as German representative, and whatever work he did was purely commercial, and both he and Schroeder so directed it. Rodiek refused to concede that he is disloyal to America or that he lacks devotion to the American cause. He declared he evidenced patriotism by large purchases of Liberty Bonds individually and through Hackfeld & Company. He declared he generously added the Red Cross. No other charges, he said, could be made against either of them as to matters subsequent to the beginning of war.

He made positive denial that he was engaged in transactions in which any Hindu was interested or in the transactions alleged in the general indictment. He said that forthcoming testimony would show that no violations were intended. He intended his future conduct to confirm his statements and expected the confidence of his neighbors and the rights of fellowship with American citizens.

**ISENBERG HOME ON TANTALUS BRINGS \$10,000**

F. E. Steere, manager of the real estate department of The Henry Waterhouse Trust Company, Ltd., announced today the transfer from Mrs. A. B. Isenberg to Josephine L. Campbell of the Isenberg home on Tantalus. The price involved was \$10,000.

The property, which is one of the best known places on Tantalus, comprises about one and a half acres with a house. It is one of the highest if not the highest residences on the mountain and has a beautiful view of sea and valley.

**SCHOFIELD IS RAISED TO RANK OF COLONEL**

Promotion to rank of colonel has been announced from the war department for Lieut.-Col. Richmond McA. Schofield, department quartermaster. The order carrying the promotion is dated November 22. Colonel Schofield, who succeeded Col. J. B. Houston as department quartermaster some months ago, has been in Hawaii about a year, having come here directly from Washington to take charge of construction work for the army.

**MRS. C. M. HYDE DIES**

Word was received yesterday of the death of Mrs. C. M. Hyde, widow of Rev. Dr. C. M. Hyde, both well known in Honolulu. Mrs. Hyde died at Ware, Mass. She was well known locally, having been a teacher in the local theological institute, president of the Free Kindergarten and Children's Aid Association, vice-president of the Portuguese charitable institution, and for twelve years a member of the Woman's Board of Missions for the Pacific Islands.

Mrs. Hyde came to the islands in 1877 with her husband. Two sons survive them, Henry Clay Hyde and Charles K. Hyde, both having resided here many years.
